

Question à choix multiples / Multiple Choice Question

Dans l'approche somme des paires entrelacées, après l'étape 2, le tableau initial [3, 9, 6, 7, 10, 2, 14, 16, 8, 20, 22, 24, 26, 28, 30, 32] subit des modifications. Quelle est la nouvelle valeur des indices 0 à 3 dans le tableau ?

In the Interleaved Pair Sum approach, after step 2, the initial array [3, 9, 6, 7, 10, 2, 14, 16, 8, 20, 22, 24, 26, 28, 30, 32] undergoes modifications. What is the new value of indices 0 to 3 in the array?

- a) [11, 29, 28, 31]
- b) [47, 59, 72, 79]
- c) [119, 138, 72, 79]
- d) [257, 138, 72, 79]

Réponse correcte / Correct Answer

- b) [47, 59, 72, 79]
